EXTERIOR SHUTTLE BUS ADVERTISING

Exterior bus advertising gives you traveling billboards at all convention venues, access roads, parking lots and throughout Greater Chicago with full color, high quality signs.

Window signs are generally placed on 2nd window if single, or 2nd, 3rd & 4th if triples on the passengers entry side, but may be done on both sides.

Route ID signs are at the entrance of every shuttle vehicle and display sponsor's color logo and booth #.

Side ribbons are all 2'h signs displayed on either the passenger's side alone or double-sided for maximum exposure. Buses hosting minimum 20' ribbon signs have exclusive exterior signage on that vehicle. 10', 20', 30' and 36' ribbons are all printed on vinyl.

Full wraps (both sides, back and small front section) and **King wraps** (between the wheel wells – both sides) are available. Inquire about minimum requirements for wraps and other wrap configurations.
