## Travel Gear + Luggage at The Inspired Home Show

IN PARTNERSHIP WITH THE TRAVEL GOODS ASSOCIATION

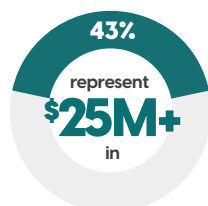

After two years without business travel, retail buyers are enthusiastically but carefully returning to trade shows for product discovery and in-person engagement. It is an ideal time to leverage the power of combined shows for like-minded attendees, and TGA members have a massive opportunity to return to face-to-face events alongside an event that both shares and expands our potential buying audience.

The Inspired Home Show, owned and operated by the International Housewares Association, had an incredibly successful return in 2022, attracting major retailers across every channel—many of whom indicated that they have responsibility and/or interest in seeing travel goods. TGA will hold its 2023 annual event as part of The Inspired Home Show, in a distinctly branded “Travel Gear + Luggage” category within the Clean + Contain Expo, adjacent to the DISCOVER | Design Expo in the North Building of McCormick Place in Chicago.

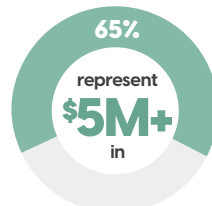

**This is a critical and exciting return to in-person events that you cannot afford to miss. Reach out today to be part of the travel goods industry’s comeback, March 4-7, 2023 in Chicago.**
