- **Reduce Material Handling/Drayage Charges** – The Automobile and Small Utility Vehicle (ASUV) Program allows Exhibitors to unload and load automobiles and small utility vehicles at designated locations without hiring union labor. This is an option for exhibitors that have small shipments. Utilizing this program will eliminate any material handling/drayage charges.
 - There are no weight restrictions and Exhibitors will be able to use their own manual carts and 2-wheel dollies to transport their materials. Cart and dollies will not be available on-site.
 - Exhibitors will have a maximum of 20 minutes to unload and load their materials. Vehicles cannot be left unattended, so it is recommended to work as a 2-person team.
 - ASUV Program hours are:

Exhibitor-Appointed Contractors (EACs)

For questions or problems related to union labor work rules and Exhibitor-Appointed Contractors (EACs) while at McCormick Place, please call Dean Hinderman at 773-709-7076. Beginning Monday, February 24, EAC who need to pick up their wristbands will need to see Joe Clark on-site in the Show Office, N426ab.

Security Measures

IHA has made every effort to schedule maximum security for perimeter areas and has hired off-duty police officers during move-in and move-out. However, remember the following security tips:

- Store your valuables in the complimentary security lock-up area provided on each exhibit floor.
 - North Building, Level 3 - Back of Hall B1 (East Side)
 - South Building, Level 3 - East side of Hall, Near Booth S130
- Keep purses, bags, and other packages in a safe place. Consider renting a security cage for your booth.
- Always wear your badge. Badges must not be loaned or given to other people and should NOT be discarded. This will help prevent others from using your identity to remove product from the Show floor.
- Store valuable items in locked rooms or boxes. Hiring a booth guard is also an option.
- If possible, exhibitors should designate one of your personnel or hire a booth guard to remain at your booth until the final pick-up of your shipment is complete.

No Cash Sales

IHA is a not-for-profit organization committed to protecting our tax-exempt status. To ensure we follow all city, local and state taxing authorities, and their regulations, with the support of the Board of Directors, we prohibit “cash sales” during the Show. “Cash sales” is defined as the purchase of goods where money transfers hands for the exchange of product. Violation of this policy may result in your company being barred from participation in future Shows. As the selling of product continues to be an issue, IHA will be more vigilant in the policing of this policy. Please note that Trade Guests and Industry Affiliates are **NOT** approved to remove any product from the exhibit floor. Security will confiscate product given to Trade Guests or Industry Affiliates.

Product Donation Program (Charity Donations)

Since selling product at the Show is prohibited, IHA has approved charities to collect products from exhibitors at the close of the Show as part of our Product Donation Program. We encourage exhibitors to donate their product to one of the charities listed below:

- Habitat for Humanity ReStore Chicago
- K9's for Veterans
- Sertoma Star Services
- The Salvation Army

Those exhibitors who wish to dispose of all or part of their merchandise to these charities must obtain the appropriate forms at the Exhibitor Services Center in their building, starting Monday, March 3 (after 12:00 noon).

Photography Policy

During Show hours, exhibitors are responsible for monitoring the photography or videotaping of their booth and product by attendees. Only IHA, an approved photography company, or credentialed news media with a photography ribbon, will be allowed to photograph exhibits during Show hours. If you are hiring a company to photograph or film in your booth, please register them as an Exhibitor-Appointed Contractor. Once approved, they will receive a vendor badge and photography ribbon in the Show Office, N426ab. Take advantage of complimentary [“No Photography” signs](#) provided by IHA.

Designated Smoking Areas

Smoking is prohibited in all enclosed areas of McCormick Place, including exhibit halls, meeting rooms, lobbies, food service areas, hallways, stairwells, and parking garages. Smoking is also prohibited within 15 feet of any entrance to a smoke-free facility. There will be security at all exit doors to ensure smoking does not take place in unauthorized areas. For more information, please review a map of the [outdoor designated smoking areas](#).

 - Break down and flatten all cardboard boxes and place them at the edge of your booth, not in the aisles. You make it easier to handle and prevent recyclable boxes from becoming trash receptacles.

- Utility services will be supplied at the rear of the booth. Exhibitors should allow a one-foot corridor in the rear and six inches on one side of their booth to allow passage for utility personnel.
- To ensure maximum traffic flow on the exhibit floor, exhibitors building contiguous displays along main number aisles should have a 10' opening / entrance for every 30' of contiguous display.
