FOR IMMEDIATE RELEASE

New Jersey, Skillman based and innovative accessory maker CoolDudeChoice is demonstrating Cool Convertible Sling, a sling bag that can be converted into a duffel bag in seconds at The Inspired Home Show 2023 March 4-7, at McCormick Place in Chicago, IL.

Designed to be worn on the go, this minimalist yet the multi-pocketed bag is made of rPET fabric sourced from discarded bottles. One Cool Convertible Sling is made from ten recycled plastic bottles and features a detachable strap, made from durable nylon, usable for both left and right-handed users, ideal for carrying yoga mats and transforms into a duffel bag.

“The idea for the convertible sling bag that transforms into a duffel bag came after realizing how buying multiple bags result in more wastage, expenses, and damage to the environment. This sling bag can be stretched out to make it a duffel bag and that’s the simplest solution one can think of,” says Tushar Desai, Founder, CoolDudeChoice LLC.

Aimed at modern travelers, busy professionals, and fitness enthusiasts, the Cool Convertible Sling is funded on Kickstarter.

CoolDudeChoice will be located in booth N8337 in the South Building at The Inspired Home Show. Along with this bag, they will also display their new colors, and upcoming next version. The founder will also discuss about sustainability mission and its point of view on developing sustainability champions in any organizations.
