

SpongyBuddy is very unique product for people to wash and moisturize, put sunscreen, screech and massage their beck hands free. Just stick your SpongyBuddy to your shower or bathroom wall using our patented system. Peel off first clear protector. SpongyBuddy stick everywhere is movable and adjustable to each personal height, so apply your soap or moisturizer lotion or sunscreen to your SpongyBuddy and do the SpongyBuddy dance to rub your beck against your SpongyBuddy. Scan QR code to see two videos.
