ABOUT US

FGA focus on drinkware manufacturing since 1984—Innovation, Environmental & Safety

Fuguang was established in 1984. With over 30 years' effort, Fuguang becomes one of the world's largest manufacturers and a leading company specializing in water bottles.

FGA is one of our brands that targeted as youthful and energetic. We have 400+ Intellectual Property rights and patented technologies that involve fully automated assembly lines that ensure every product is well-made with eco-friendly and sturdy material. We fully own three factories with production lines for stainless steel, plastic and glass products.

FGA also accredited ISO9001, ISO14001, ISO45001 and BSCI that certify the quality of products is up to international qualifications and standards. As the leading manufacturers and marketers of the high-end quality water bottle, we have served reputed global customers. Our products have been sold to over 150 countries and territories and served more than 1 billion customers.

COMPANY

PROFILE

• Stainless steel cup factory

• Glass cup factory

• Plastic cup factory

• Injection machine

• Glass production line

• Plastic cup factory

• Injection machine

• Plastic cup factory

STAINLESS STEEL

Thermal Flask

Product Code: WA089

- Material: 304# stainless steel for outer and inner shell.
- Capacity: 450ML.
- Pop-up cup lid.
- One-piece die casting handle.
- Double wall vacuum insulation.

WA089

Handle cup lid
for easy carrying

Safety Lock
With Press Button

Sweat-Proof
Material

Thermal Flask

Small Mouth Design, easy to carry

Stainless Steel Lid

Leak Proof Lid, sealed ring

Round Bottom

Product Code: FG21025W

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 350/500/750ML.
- Screw-on cup lid with silicon strap.
- Double wall vacuum insulation.

Thermal Flask

Product Code: FGCL-Y54

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 350/500/750ML.
- Screw-on cup lid with rubber coating.
- Double wall vacuum insulation.

Thermal Flask

Product Code: FG21002W

- Material: 304# stainless steel for outer and inner shell.
- Capacity: 350ML.
- Screw-on cup lid.
- Double wall vacuum insulation.

Thermal Flask—Digital Display

Product Code: FG21003W

- Material: 201# stainless steel for outer and 304# stainless steel inner shell..
- Capacity: 450ML.
- Screw-on cup lid with digital display of temperature.
- Double wall vacuum insulation.

Thermal Flask—Temperature Control

Product Code: WFZ1120

- Material: 304# stainless steel for outer and 316# stainless steel inner shell.
- Capacity: 450ML.
- Patented cup lid with aerospace material, cooling boiling water to 60° within 60 seconds.
- Screw-on cup lid with silicon portable handle.
- Pearl painting to ensure unique shiny and bright appearance.
- Double wall vacuum insulation.

Thermal Flask

FDA

Product Code: FG21005W

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 350/500/750/1000ML.
- Dual-purpose cup lid design with inner pop-up plug.
- 360°water pouring design to ensure easy drinking.
- Double wall vacuum insulation

Thermal Flask

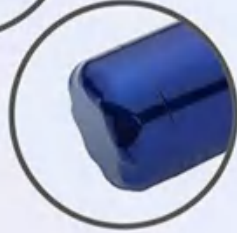

Product Code: FG21006W

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 500/750/1000ML.
- Cola Shaped Water Bottles.
- Silkscreen, Laser engraving, Water decal, Heat transfer, Embossed.
- Double wall vacuum insulation.

Thermal Flask

MORE STANDARD LIDS YOU CAN CHOOSE

Product Code: FG21007W

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 350/500/600/750/1000ML.
- Various lid options.
- Double wall vacuum insulation.

Single wall SS Water Bottle

MORE STANDARD LIDS YOU CAN CHOOSE

Product Code: FG21007WD

➤ Material: 304# stainless steel.

- Single wall stainless steel water bottle
- Capacity: 350/500/600/750/1000ML.
- Various lid options.

Thermal Flask

Product Code: FG21008W

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 350/500/600/750/1000/1200ML.
- Various lid options.
- Double wall vacuum insulation.

FG21008W with silicon sleeve

Thermal Flask

Product Code: FGSX-YC64

- Material: 201# stainless steel for outer and 304# stainless steel inner shell..
- Capacity: 64/128oz.
- Large capacity thermal jug with portable handle.
- Double wall vacuum insulation.

Thermal Mug

Product Code: FG21010W

- Material: 304# stainless steel for outer and inner shell.
- Capacity: 220/300/350/450ML.
- Thermal mug with carabiner for outdoor.
- Sealed dust-proof cup lid.
- Double wall vacuum insulation.

Thermal Mug

Product Code: DCZ198001

- Material: 304# stainless steel for outer and inner shell.
- Capacity: 380ML.
- Pearl painting to ensure unique bright appearance.
- Sealed dust-proof cup lid.
- Double wall vacuum insulation.

Thermal Mug

Product Code: FG21011W

- Material: 304# stainless steel for outer and inner shell.
- Capacity: 380/500ML.
- Sealed dust-proof cup lid.
- Double wall vacuum insulation.

Thermal Mug

Product Code: FG21012W

- Material: 304# stainless steel for outer and inner shell.
- Capacity: 220/300/350/400/450/500ML.
- Sealed dust-proof cup lid.
- Double wall vacuum insulation.

Thermal Tumbler

Product Code: FG21020W

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 600/900ML.
- Sealed cup lid with PP straw.
- Double wall vacuum insulation.

Product Code: FG21020WC

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 900ML.
- Sealed cup lid with straw.
- Double wall vacuum insulation.

Perfect Size and Quality

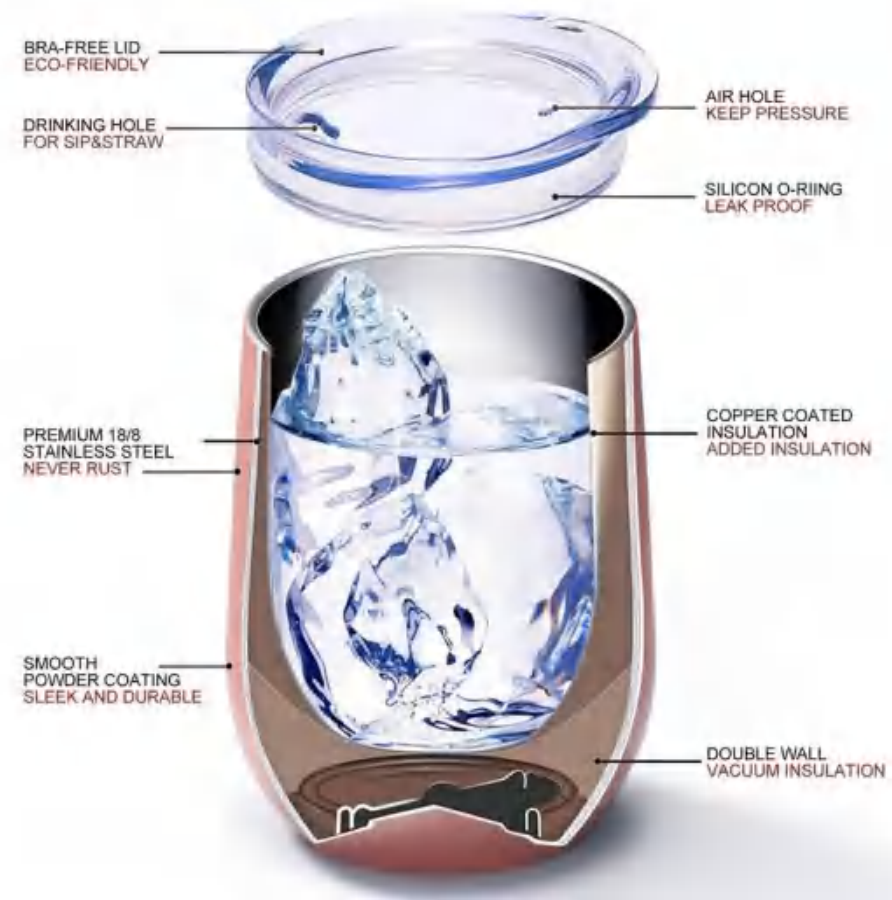

One Handed Drinking Design

Product Code: FG21014W

- Material: 304# stainless steel for outer and inner shell.
- Capacity: 380/510ML.
- Sealed dust-proof cup lid.
- Double wall vacuum insulation.

Thermal Tumbler

Product Code: FG21015W

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 250/350/500ML.
- Sealed dust-proof cup lid.
- Double wall vacuum insulation.

Thermal Tumbler

FGA

Product Code: FG21019W

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 600ML.
- Sealed cup lid with PP straw.
- Double wall vacuum insulation.

Single wall Beer Cup

Product Code: FG22007W

- Material: 304# stainless steel
- Capacity: 200/230/350/450/500/570ML.
- Single wall beer cup.

Aluminum Beer Cup

Product Code: FGAL-2206

- Material: Aluminum
- Capacity: 480/600ML.
- Single wall beer cup.

Aluminum Beer Cup

Product Code: FGAL-2206

- Material: Aluminum
- Capacity: 480/600ML.
- Single wall beer cup.

Aluminum Beer Cup

Product Code: FGAL-2207

- Material: Aluminum
- Capacity: 360/600ML.
- Single wall beer cup.

Aluminum Beer Cup

Product Code: FGAL-2208

- Material: Aluminum
- Capacity: 360/600ML.
- Single wall beer cup.

Can Cooler

Product Code: FG21028W

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 12/16oz.
- Beer/Can Holder.
- Double wall vacuum insulation.

Can Cooler

Product Code: FG21029W

- Material: 201# stainless steel for outer and 304# stainless steel inner shell.
- Capacity: 12oz.
- Beer/Can Holder.
- Double wall vacuum insulation.

Can Cooler

12oz slim can drink cooler

Multi-use

as a insulated cup without lock gasket

keep your beverage cold till last sip

works with all 12oz slim can drinks

Product Code: FGYC-2101

- Material: 304# stainless steel for outer and inner shell.
- Capacity: 12oz.
- Beer/Can Cooler with silicon sleeve for easy holding.
- Double wall vacuum insulation.

Can Cooler

Keep Your Drinks Icy Cold
Fit All 12 OZ Cans & Bottles

FGA

Product Code: FGSX-2104

- Material: 304# stainless steel for outer and inner shell.
- Capacity: 750ml.
- Multi-use Beer/Can Cooler.
- Double wall vacuum insulation.

- Capacity: 268ML.
- Double wall vacuum insulation.

Titanium Mug

Product Code: TMT2002

- Material: Titanium.
- Capacity: 56ML.
- Double wall vacuum insulation.

GLASS

Glass Bottle

Product Code: FGYY-2101

- Material: High Borosilicate Glass.
- Capacity: 550ML.
- Single layer high borosilicate glass bottle.
- Silicon sleeve.
- Screw-on lid with portable handle.

Glass Bottle

Product Code: FGY-2102

- Material: High Borosilicate Glass.
- Capacity: 500/750ML.
- Single layer high borosilicate glass bottle.
- Silicon sleeve.
- Screw-on natural bamboolid with foldable handle.

Glass Bottle

Product Code: FGYY-2103

- Material: High Borosilicate Glass.
- Capacity: 550ML.
- Single layer high borosilicate glass bottle.
- Creative silicone coating sleeve to protect glass bottle, and keep shatters from splashing when broken. Reduce the risk of hurting baby or adult when glass bottle broken.
- Optional screw-on natural bamboo lid.

Glass Bottle

Product Code: FGYY-2104

- Material: High Borosilicate Glass.
- Capacity: 700ML.
- Designed specifically for fruits to offer an easy way to extract juice and flavor from citrus fruits and infuse them directly into your water bottle.
- Removable citrus press from the bottom, easy to clean
- Screw-on lid with portable handle.

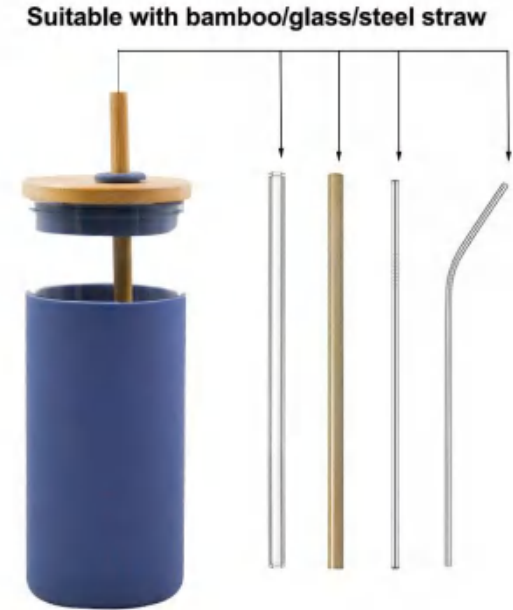

Glass Bottle

Product Code: FGY-2105

- Material: High Borosilicate Glass.
- Capacity: 850/1000ML.
- Dual-opening design with screw-on cup lid and silicon portable handle.
- Wide mouth cap for easy cleaning and filling.
- Narrow mouth cap for easy sip and avoiding spillage while drinking.
- Neoprene sleeve with anti-sclad and drop protection design.

Glass Tumbler

Product Code: FGYY-2107

- Material: High Borosilicate Glass.
- Capacity: 600ML.
- Single layer high borosilicate glass bottle.
- Silicon sleeve.
- Natural bamboo lid with optional bamboo/glass/steel straw.

Glass Bottle

Product Code: FGYY-2109

- Material: High Borosilicate Glass.
- Capacity: 350/400/450ML.
- Double Wall high borosilicate glass bottle.
- Independent detachable stainless steel infuser.
- Screw-on natural bamboo lid.

Plastic-glass Bottle

Product Code: FGYY-2110

- Material: High Borosilicate Glass.
- Capacity: 400ML.
- High borosilicate glass bottle with high quality PC cover.
- Screw-on cup lid with stainless steel top.

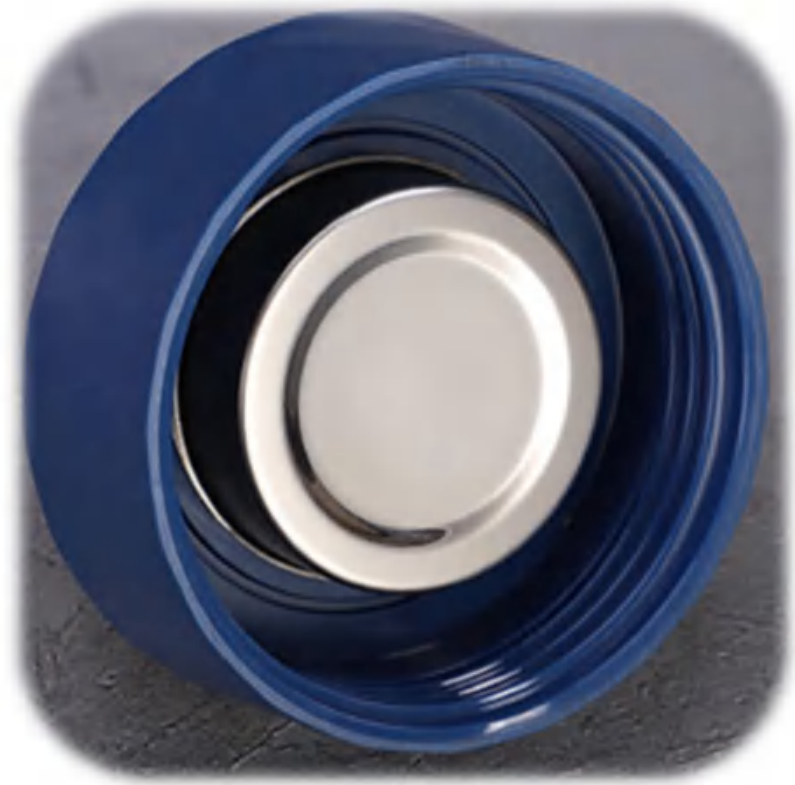

Plastic-glass Mug

Product Code: FGY-2113

- Material: High Borosilicate Glass.
- Capacity: 450ML.
- High borosilicate glass bottle with high quality PC cover.
- Screw-on cup lid with stainless steel top.

Plastic-glass Bottle

Product Code: FGY-2111

- Material: High Borosilicate Glass.
- Capacity: 400ML.
- High borosilicate glass bottle with high quality PC cover.
- Screw-on cup lid with stainless steel top and inner.

Plastic-glass Mug

Product Code: FGYY-2114

- Material: High Borosilicate Glass.
- Capacity: 450ML.
- High borosilicate glass bottle with high quality PC cover.
- Screw-on cup lid with stainless steel top and inner.

Plastic-glass Bottle

Product Code: FGYY-2112

- Material: High Borosilicate Glass.
- Capacity: 500ML.
- High borosilicate glass bottle with high quality PC cover.
- Screw-on cup lid with foldable handle.

Glass Bottle

Product Code: FGY-2115

- Material: High Borosilicate Glass.
- Capacity: 600ML.
- Single layer high borosilicate glass bottle.
- Silicon sleeve.
- Screw-on natural bamboo lid with easy carry rope handle.

Glass Bottle

**LEAKPROOF
LID DESIGN**

Product Code: FGY-2201

- Material: High Borosilicate Glass.
- Capacity: 750/1000ML.
- Single layer high borosilicate glass bottle.
- Motivational time marker.
- Screw-on lid with foldable handle.

Glass Bottle

① Cover does not leak tight

② Containing silicone ring

③ Accurate calibration

④ Thick glass

Product Code: FGYY-2202

- Material: High Borosilicate Glass.
- Capacity: 500/750ML.
- Single layer high borosilicate glass bottle.
- Motivational time marker.
- Full-glass lid with silicon gasket.

Glass Tumbler

Product Code: FGY-2203

- Material: High Borosilicate Glass.
- Capacity: 500ML.
- Single layer high borosilicate glass bottle.
- Optional silicon sleeve/silicon base/bamboo base.
- Natural bamboo lid with optional bamboo/glass/steel straw.

Glass Tumbler

Product Code: FGYY-2203

- Material: High Borosilicate Glass.
- Capacity: 360/480ML.
- Single layer high borosilicate glass bottle.
- Natural bamboo lid with optional bamboo/glass/steel straw.

Glass Tumbler

Product Code: FGYY-2301

- Material: High Borosilicate Glass.
- Capacity: 900ML.
- Single layer high borosilicate glass tumbler with silicon sleeve.
- Motivational time marker.
- Bamboo lid with straw

Glass Tumbler

Product Code: FGY-2302

- Material: High Borosilicate Glass.
- Capacity: 900ML.
- Single layer high borosilicate glass tumbler with handle and silicon sleeve.
- Motivational time marker.
- Bamboo lid with straw

Glass Tumbler

Thickened Borosilicate Glass
Thickness: 3.5mm, sturdy and solid

Ergonomically Designed Handle
Gives you a firm grip on your beverage

Protective Silicone Sleeve
Provides a no-slip grip, reduces condensation

Straw:
18/8 Stainless Steel &
Food-Grade Silicone

Removable Silicone Cover

Product Code: FGY-2303

➤ Material: High Borosilicate Glass.

- Capacity: 1500ML.
- Single layer high borosilicate glass tumbler with handle and silicon sleeve.
- Motivational time marker.
- Bamboo lid with straw

Glass Food Storage Jar

Product Code: FG22008W

- Material: High Borosilicate Glass.
- Capacity: 200ML-2000ML.
- Single layer high borosilicate glass jar.
- Optional natural bamboo/plastic/cork lid.

PLASTIC

Plastic Bottle

Product Code: FGTB-2201

➤ Material: Tritan/SK Tritan/PETG.

- Capacity: 1000/1500//2200/3000/3800L.
- Pop-up button with safety lock.
- Dual-opening design lid with detachable paracord handle.
- Optional detachable straw for easy drinking.

THREE WAYS TO CARRY

An anti skid grip design, a paracord and hidden loop handle give you three flexible carry options in different occasions.

- Large Capacity with hidden loop handle.
- Pop-up button with safety lock.

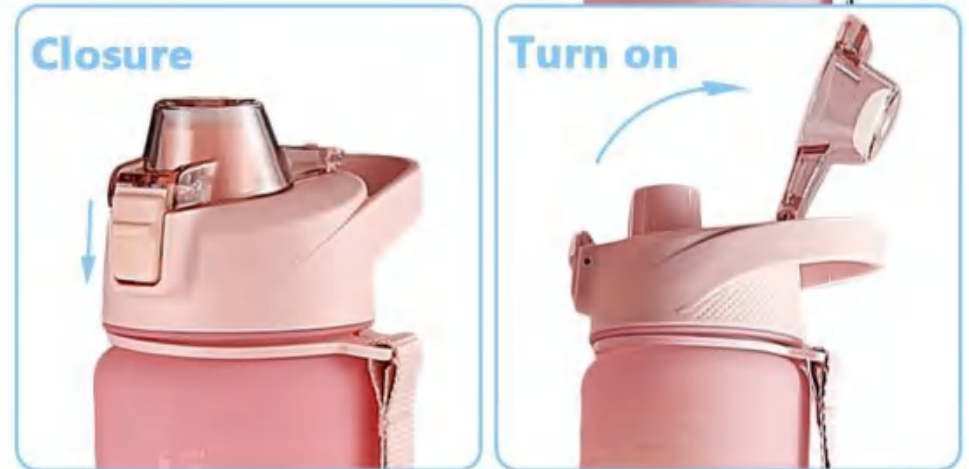

Plastic Bottle

Product Code: FGTB-2206

- Material: Tritan/SK Tritan/PETG.
- Capacity: 1000ML.
- Large Capacity with motivational time marker.
- Screw-on metal lid.

Plastic Bottle

Product Code: FGA121

- Material: PC or TRITAN.
- Capacity: 400/500/600/750/1000ML.
- Dual-opening design with screw-on cup lid and portable strap.
- Wide mouth cap for easy cleaning and filling.
- Narrow mouth cap for easy sip and avoiding spillage.

Plastic Bottle

Product Code: FG0093

- Material: PC or TRITAN.
- Capacity: 600/800/1000/1500/2000/3000ML.
- Dual-opening design with screw-on cup lid and portable handle.
- Wide mouth cap for easy cleaning and filling.
- Narrow mouth cap for easy sip and avoiding spillage.

Plastic Bottle

Product Code: FG0092

- Material: PC or TRITAN.
- Capacity: 800/1000/1500/2000ML.
- Screw-on cup lid and portable handle.

Plastic Bottle

Product Code: FS1065

- Material: PC or TRITAN.
- Capacity: 600/800/1000/1500/2000/3000ML.
- Screw-on cup lid with portable strap.
- Detachable bottom design for convenient storage.

Plastic Shaker

Product Code: FGYS-913

- Material: PP.
- Capacity: 620ML.
- Screw-on cup lid design with small mouth.
- Hidden lifting loop design for convenient carrying.
- Detachable protein box for easy storage of powders, protein, vitamins and etc.

Plastic Shaker

Product Code: FGYS-928

- Material: PP.
- Capacity: 600ML.
- Pop-up cup lid design with small mouth.
- Hidden lifting loop design for convenient carrying.

Plastic Shaker

Product Code: FGYSD-933

- Material: PP.
- Capacity: 700ML.
- Double wall plastic protein shaker water bottle.
- Screw-on cup lid design with small mouth.
- Hidden lifting loop design for convenient carrying.

Plastic Shaker

Product Code: FGYSD-910

- Material: PP.
- Capacity: 550ML.
- Screw-on cup lid design with small mouth.
- Detachable protein box for easy storage of powders, protein, vitamins and etc.

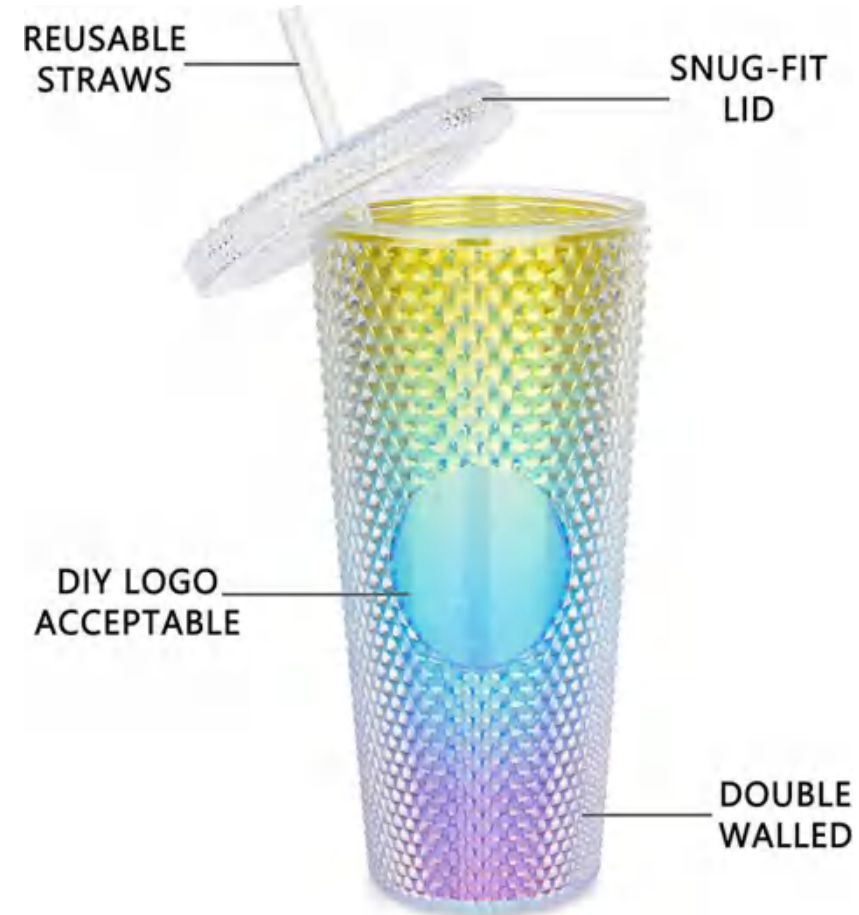

Plastic Shaker

Product Code: FGYS-932

- Material: PP.
- Capacity: 600ML.
- Plastic pill bottle with separate boxes.

Diamond Plastic Tumbler

Product Code: FGYS-2352

- Material: AS/PS.
- Capacity: 700ML.
- Double-wall plastic tumbler with straw.

Diamond Plastic Tumbler

Product Code: FGYS-2319

- Material: AS/PS.
- Capacity: 760ML.
- Double-wall plastic tumbler with straw.

CERAMIC

Product Code: FGWG-S289

Product Code: FGWG-S430

Size: Height 10.1cm, Diameter 7.9cm

Capacity: 310ml

Product Code: FGWG-S452

Size: Height 10.0cm, Diameter 7.7cm

Capacity: 345ml

Ceramic Mug

Product Code: FGWG-S471

Size: Height 11.3cm, Diameter 8.5cm

Capacity: 420ml

Product Code: FGWG-S474

Size: Height 11.3cm, Diameter 8.5cm

Capacity: 420ml

Ceramic Mug

Product Code: FGWG-S519

Size: Height 9.5cm, Diameter 8.0cm

Capacity: 350ml

Product Code: FGWG-S087

Size: Height 10.0cm, Diameter 8.0cm

Capacity: 500ml

Ceramic Mug

Product Code: FGWG-S444

Size: Height 10.2cm, Diameter 7.8cm

Capacity: 340ml

Product Code: FGWG-S291

Size: Height 12.0cm, Diameter 8.3cm

Capacity: 450ml

Ceramic Mug

Product Code: FGWG-S387

Size: Height 8.8cm, Diameter 8.3cm

Capacity: 300ml

Product Code: FGWG-S388

Size: Height 9.1cm, Diameter 8.7cm

Capacity: 360ml

Ceramic Mug

Product Code: FGWG-S236

Size: Height 12.2cm, Diameter 9.1cm

Capacity: 500ml

Size: Height 9.8cm, Diameter 8.5cm

Capacity: 360ml

Product Code: FGWG-S388

Size: Height 8.9cm, Diameter 8.2cm

Capacity: 380ml

Ceramic Mug

Product Code: FGWG-S404

Size: Height 10.4cm, Diameter 8.5cm

Capacity: 420ml

Product Code: FGWG-S401

Size: Height 8.8cm, Diameter 8.0cm

Capacity: 290ml

Ceramic Mug

Product Code: FGWG-S651

Size: Height 9.8cm, Diameter 8.2cm

Capacity: 375ml

Product Code: FGWG-S474

Size: Height 9.8cm, Diameter 8.2cm

Capacity: 340ml

Ceramic Mug

Product Code: FGWG-S625

Size: Height 11.0cm, Diameter 6.8cm

Capacity: 410ml

Product Code: FGWG-S724

Size: Height 10.7cm, Diameter 7.0cm

Capacity: 450ml

Ceramic Mug

Product Code: FGWG-S455

Size: Height 5.5cm, Diameter 14.8cm

Capacity: 164ml

Product Code: FGWG-S461

Size: Height 7.6cm, Diameter 9.7cm

Capacity: 390ml

Ceramic Mug

Product Code: FGWG-S640

Size: Height 8.3cm, Diameter 11.4cm

Capacity: 520ml

Product Code: FGWG-S620

Size: Height 7.8cm, Diameter 7.5cm

Capacity: 265ml

Ceramic Mug

Product Code: FGWG-S653

Size: Height 16.2cm, Diameter 9.0cm
Capacity: 580ml

Product Code: FGWG-S509

Size: Height 16.0cm, Diameter 9.1cm
Capacity: 560ml

Ceramic Set

Product Code: FGWG-S534

Capacity: 220ml/Mug; 1100ml/Pot
