

Scaddy

Organizer to keep all Sandwich Ingredients together

A new device and method
to make sandwiches at home
fast and **flavorful**;

a first
in the 260-year history
of sandwiches.

SCADDY - an innovative organizer to store sandwich ingredients, so you can make delicious sandwiches quickly at home or on the go.

- One Reach for everything you need from the fridge (*main ingredients*), the pantry (*onions*), or the drawer (*knife*)
- saves time making home sandwich meals or sandwiches for school or work
- keeps greens fresher longer (30 days or more) and keeps them easily accessible
- flat top handle provides efficient storage and frees up fridge space
- expressly allows for on-the-go 'fueling' at picnics and team practices/games.

The prototype displayed (Version 16 shown here) took seven years and sixteen revisions to develop.

Scaddy has three patents granted and a trademark and additional patents pending.
