

FOR IMMEDIATE RELEASE

Introducing Splitflask: The Revolutionary Dual-Chamber Tumbler Redefining Beverage Convenience

[Los Angeles, 2/11/24] - Splitflask, the innovative dual-chamber tumbler, is changing the game in beverage convenience. Designed to defy the limitations of traditional drinkware, Splitflask offers a groundbreaking solution for carrying two beverages simultaneously in one sleek and stylish tumbler.

Splitflask is the brainchild of Riz Nwosu, who, like many, found himself constantly juggling multiple water bottles to satisfy his morning coffee and hydration needs. Frustrated with the hassle of the "bottle shuffle," Riz set out to create a solution that would streamline his daily routine. The result? Splitflask – a patent-pending tumbler that merges functionality with style.

What sets Splitflask apart is its dual-chamber design, featuring Chamber 1 and Chamber 2, each capable of holding a different beverage. Whether it's hot coffee and cold water, soda and beer, or any combination of drinks, Splitflask ensures that each beverage maintains its temperature and flavor integrity for hours.

"With Splitflask, we're not just offering a product; we're offering a solution to a common problem faced by many," says Riz, co-founder of Splitflask. "Our mission is to simplify the lives of our customers by providing them with a versatile and eco-friendly drinkware option that enhances their daily hydration experience."

Splitflask isn't just about convenience – it's also about sustainability. By eliminating the need for multiple single-use bottles, Splitflask helps reduce plastic waste and promote eco-

conscious living. Additionally, its durable construction ensures long-lasting use, making it a smart and sustainable choice for consumers.

"We're proud to be pioneers in the beverage industry, offering a product that is truly unique and innovative," adds Riz. "With Splitflask, customers can say goodbye to the days of carrying multiple bottles and hello to a new era of beverage convenience."

Splitflask is now available for purchase on their [website](#) and select retail partners. For wholesale inquiries or media requests, please contact Riz Nwous at riz@Splitflask.com.

About Splitflask: Splitflask is a revolutionary dual-chamber tumbler designed to simplify the way people carry and enjoy their beverages on the go.
